

SkillsUSA Florida Championships 2021

PREPARING FOR THE CONTEST

Introductory Information

This document serves as a supplement to the official SkillsUSA Technical Standards found online at absorb.skillsusa.org to be used to prepare for state-level virtual competitions. State-level contests will follow the "Standards and Competencies" outlined in the official SkillsUSA Technical Standards (Virtual). Contestants and instructors should review the contest's Technical Standards as a first step in preparing for a competitive event.

Any information contained in this document applies to state-level competitive events only. Download and review the State Virtual General Regulations at skillsusafl.org/state-conference for more information regarding virtual contests. The list of supplies and materials outlined below is subject to change; updates will be posted to our website on the contest updates page.

SkillsUSA Professional Members (advisors and teachers) can access the standards through SkillsUSA Absorb (absorb.skillsusa.org). To join as a Professional Member visit bit.ly/skillsusa-prof.

Clothing Requirements

Because of the nature of virtual competitions, official SkillsUSA competition clothing is not required, but is encouraged. Students may also compete in trade-appropriate attire if official contest attire is not available. Alternatively, competitors may dress in business attire. See State Virtual General Regulations for more information.

Supplies and Materials

Contestants will need the following for the contest:

- 1:1 device for each contestant with camera, microphone and internet connection of at least 2 Mbps up/down
- Filming Device
A device to complete a video recording. This may be a laptop, phone or other device with support devices like a tripod, microphone, etc. Preferred file format is MP4.
- 1-page resume for in PDF format

- All equipment and materials needed to complete the demonstration two times
- Additional supplies and materials may be required. Contest supply and materials lists will be posted on the Contest Updates page by March 1.

SkillsUSA Florida will provide the following for the contest:

- Contest prompt and information
- Contest Prep Box, with materials needed for the contest like stopwatch, measuring tape, and large face digital clock that must be used in pre-recorded videos
- Meeting links and upload information

Setup Contest Area

A performance space of 8'x12' that contains a 30"x96" table and one duplex (two plug-ins) 110-volt (15 amp) electrical outlet is needed by the contestant.

Local Proctor Information

A local contest proctor (non-advisor/program instructor) must be present for the contest. The proctor should review the technical standards, this document and the state contest which will include an integrity statement containing additional information for the proctor.

Once the contest is complete, the contestants, chapter advisor and onsite proctor will sign-off on the integrity statement. Additional contest proctor information can be found on our website.

Advisor Information

An advisor or instructor must be present for the duration of the competition to ensure safety and conduct standards are upheld. Advisors will not participate in judging or interfere in the contest, except in the event of safety or conduct violations, or equipment malfunction. Any communication between students and their advisors during the contest will result in disqualification.

CONTEST INFORMATION

Knowledge Performance

This contest includes one multiple choice knowledge assessment. Instructions and credentials to complete these assessments will be provided when the contest window opens. These assessments should be completed under the supervision of the contest proctor.

- **Professional Development Career Readiness Assessment** – Assesses preparedness to enter the workforce as defined by the SkillsUSA Framework, which identifies skills that are essential for success in the workplace and life.

Skill Performance

The contest requires the demonstration of a performance of an occupational skill within the chosen career pathway accompanied by a clear explanation of the topic through the use of experiments, displays or practical operations.

Contest Guidelines

This contest will require a live performance of an entry level technical skill. Contestants will present a five to seven- minute demonstration of a technical skill. The skill must be performed as opposed to an illustrated talk.

Time will be started when the demonstration begins. The local contest proctor will keep time and signal the speaker by holding up the provided cards at five minutes, six minutes and six minutes 30 seconds. Only the contestant should speak during the contest; the proctor and other observers should be silent.

The demonstration is an individual performance; however, models or assistants may be used in the demonstration but will not say or do anything that assists the demonstration other than serve as a model.

Any visual or auditory aids are to be prepared by contestants. Professionally prepared visuals and audio materials may not be used.

Notecards and other reference materials are not permitted. The contestant will not mention their name, school, or city. Basic safety practices related to the skill performed must be followed.

At the completion of the event, the contestant, chapter advisor and proctor will sign-off on the integrity statement. This integrity statement will need to be submitted with the entry.
