SKILLS PERFORMANCE: Teams will demonstrate communication skills, teamwork, problem solving and time management skills by determining and presenting the answer to each question clearly within the five-second time frame.

- Each team shall have 3-5 members. In the event of 3 or 4 member teams. The lowest written test score of the team will count as proxy for the 4th and/or 5th member.
- Each team shall have a captain. The captain will be the official “spokesman” for the team. Only captains can say the final answer and only captains can file a challenge.
- There will be three rounds of 25 questions each. There will be no time limit.
- The facilitator will ask questions. Questions will only be asked one time. Once a buzzer has been activated by a team, the facilitator will stop reading the question. The team will have 5 seconds to answer.
- Once the team activates the buzzer, they must wait to be recognized by the facilitator before giving the answer.
- Any member of the team can activate the buzzer, but only the captain will submit the answer. Once the buzzer has been activated, teams will have 5 seconds to answer. Teams may converse within themselves.
- If the team answers correctly, one point will be awarded to the team. If the team answers incorrectly, one point will be deducted from the team score. The team is only allowed to answer once per question. The first answer given is the final answer.
- In the event of an incorrect answer, unless another team buzzes in before the facilitator has completed the question, the moderator will re-read the question until the question is complete. The question cannot be repeated except upon request of a judge. Teams will have ten seconds from the time the facilitator is done reading the question to respond.
- Facilitator will relay the correct answer if no team answers correctly.
- If the facilitator inadvertently gives away the answer the question is voided, and an alternate question is read from the alternate list.
- The judge(s) will have the final say as pertaining to a correct/incorrect answer.
- Teams may not use cell phones, notes, reference materials, calculators or any type of electronics. Blank Paper will be provided, and teams can bring their own pencils.
- If a team believes that an incorrect answer was accepted, or a correct answer was not accepted, it may offer a challenge. Only the team captain can submit a challenge and only at the point in which they occur. Challenges may not be made once the next question is read. Team captains will raise their hands before the next question is read to submit a challenge. The judges will have the final say. If a team that submits a challenge is correct, scores will reflect the correct score. If a team that submits the challenge is proved wrong that team shall be deducted a point. Challenge with caution.
